

Since SEAPAVAA's inauguration in 1996, member-countries have taken turns in hosting the association's annual conference. Together with the main symposium, the SEAPAVAA Conference includes workshops, archival gems screenings, a trade show, Restoration Asia, institutional visits and social events including welcome and farewell dinners, and an excursion.

It provides an opportunity to engage and network with colleagues from around the world and promotes the exchange of ideas, skills building, and cooperative action.

The Conference is also known for its signature warmth, camaraderie and unparalleled hospitality of the region and its people.

Join us in Manila in 2017!
